Watch the steps  
Get a drink, have a good time now  
Welcome to paradise, paradise, paradise...

Since I left you  
I found the world so new

Since I left you  
I found the world so new

I found the world so new...

Since I left you  
I found the world so new  
E-Everyday

Since I left you  
I found the world so new  
E-Everyday

Since I left you  
I found the world so new  
E-Everyday

Since I left you  
I found the world so new...
