

# Rescue Me

## The Gathering

All I want  
is to be where you are  
Wisdom  
will nurse you Pass your sense  
on to me  
Weigh my hands  
And help me I gasp  
for air  
what is the wear  
That shows on my face Pass your sense  
on to me  
Weigh my hands  
Rescue me I rinse my face  
in water  
My breath runs out  
in the waves
