Soft

Sense Field

It wouldn't be anything to me
If you want it to, want it to
Take apart the picture and the end
Go ahead nowI cannot see how it all relates to me
If you want it to
Take apart the picture and the end
Go ahead nowIt's hard to get to you
(You're so soft)
I am running water, watch it flow
You are the river, watch it flow
I wouldn't miss my time
Not on this earth
