On A Mission

The Rakes

It's time for me to make a move
And I know what I gotta do
'Cause I got everything to prove
I got a plan I'm sticking to
The word is out all over town
But I don't let it get me down
I ain't nobody's push around
If they could only see me now
There's only one thing on my mind
And I am running out of time
I'm coming through, so get out of the way
I am a woman on a mission, whoa
Nothing can stop me, I'm stronger than ever
I wanna see this through
I am a woman on a mission, whoa
Whatever it takes, I will do what I gotta do
I'm gonna lay it on the line
I won't give up without a fight
'Cause I can see the finish line
Won't stop until I make you mine
So read the writing on the wall
I'm ready here and I'm standing tall
So people think they know it all
I guess I'll have to show them all
There's only one thing on my mind
And I'm running out of time
I'm coming through, so get out of the way
I am a woman on a mission, whoa
Nothing can stop me, I'm stronger than ever
I wanna see this through
I am a woman on a mission, whoa
Whatever it takes, I will do what I gotta do
Stand aside 'cause I'm on a mission
I'm on fire with no competition
You can't blame me I got intuition
And I never miss a trick just like a magician
Don't need cash, don't need permission
Think I'm scared, you must be tripping
Full on gas, key in ignition

Can't stop now 'cause I'm on a mission
I am a woman on a mission, whoa
Nothing can stop me, I'm stronger than ever
I wanna see this through
I am a woman on a mission, whoa
Whatever it takes, I will do what I gotta do
I'll never give up, I'll never give up
I'll never give up, I'm on a mission
I'll never give up, I'll never give up
I'm gonna see this through
I'll never give up, I'll never give up
I'll never give up, I'm on a mission
Whatever it takes, I will do what I gotta do
