

# The Geeks Will Inherit The Earth

## I Fight Dragons

I remember tryin' to talk to you in high school  
Couldn't even get a look cause you were too cool  
But now we're older and we're playin' by the new rules  
We lived and learned.  
Cause as time moves on  
We find we belong  
And then in the end  
We were the ones you used to make fun of  
We stayed at home alone instead of falling in love  
We never got the chance to be prom king  
We didn't even dance but here's the thing  
We got the cars  
We got the money  
We need some sun but I'm tellin' you honey  
That the geeks will, geeks will, we will inherit the earth  
(The geeks will inherit the earth)  
The geeks will, geeks will, we will inherit the earth  
(The geeks will inherit the earth)  
Everybody tries to tell you that you're different  
So you run away and wonder if it makes sense  
But the day will come when you will get a new chance  
The tables turn

And you know you will be  
much more than they see  
In time you'll find  
We were the ones you used to make fun of  
We stayed at home alone instead of falling in love  
We never had the chance to be prom king  
We didn't even dance but here's the thing  
We got the cars  
We got the money  
We need some sun but I'm tellin' you honey  
That the geeks will, geeks will, we will inherit the earth  
(The geeks will inherit the earth)  
The geeks will, geeks will, we will inherit the earth  
(The geeks will inherit the earth)  
We were the ones you used to make fun of  
We stayed at home alone instead of falling in love

We never got the chance to be prom king  
We didn't even dance but here's the thing  
We got the cars  
We got the money  
We need some sun but I'm tellin' you honey  
That the geeks will, geeks will, we will inherit the earth  
(The geeks will inherit the earth)  
The geeks will, geeks will, we will inherit the earth
