Whispering on My Heart

John RicaÃ±o

Everymorning I wake up of my bed and tell you "What I say?"
Just Like a normal person, that searching for a pray...
Nobody have a total mental problems!

In my country the people we live in poverty
Superior Minds and the poor nation we live in insanaty
Nobody have a money for clear bussines.

I`m a Dreamer that like the peace
But the sociaty is not complete
I remember that he top inside!

Like You (x4)

I never forget my past and my dream
But always I can`t forget my old scream
Nobody have a mental problems that insanaty!

My destiny arrived on my hand
I can`t see the past and my life
Remember one thing POLITICANS BE BAD!

LIKE YOU...
