

# Laugh the Years Away

Porter Wagoner & Dolly Parton

LAUGH THE YEARS AWAY

WITH DOLLY PARTON

(Howard Tuck)

'73 Owepar Publishing

A corporation owns the factory I work in  
Someone else owns the house we call our home

The bank owns the car we drive around  
And we've got something we can call our own

We've got love happiness surrounds us  
And we thank the Lord for every single day  
And with love we'll always have each other

And together we can laugh the years away

We're so thankful for our lovely children  
And I work hard to keep new shoes upon their feet

But sometimes they've not too much on our table  
But we've got something that's mighty hard to feed

We've got love happiness surrounds us...

We've got love happiness surrounds us...
