

Struggle

Derek Stroker

Con Fuerza Boriqua
Strugglin goin through the motions
 Day in day out
 Another commotion
Backstabbed don't know how to stop
 A friend is only a dollar in a pocket
 Won't let you
Chase the dream that I had since I was
 Just a little chico in my teens
Now you're gone and I'm doin fine
 And you are since you went to
 Can you see the tears?
 Can you see the pain?
Do you see the hate that I have today?
 Can you see the tears?
 Can you see the pain?
Do you see the hate that I have?
 From demention
 To depression
This is the anger we generate
 From demention
 To depression
 This is my anger
 It's time for me
 To live the dream
 And to release my anger
 It's time for me
 To live the dream
 And to release my anger
Strugglin goin through the motions
 Day in day out
 Another commotion
Backstabbed don't know how to stop
 A friend is only a dollar in a pocket
 Won't let you
Chase the dream that I had since I was
 Just a little chico in my teens
Now you're gone and I'm doin fine
 And you are since you went to

Can you see the tears?
Can you see the pain?
Do you see the hate that I have today?

Can you see the tears?
Can you see the pain?
Do you see the hate that I have?

From dementia
To depression
This is the anger we generate

From dementia
To depression
This is my anger

It's time for me

To live the dream

And to release my anger

It's time for me

To live the dream

And to release my anger

And whether you or me or him

Ever really thought that I would make it

Never really took another second

To reply to all the letters

Sent all the people asking me

To be president

And whether you or me or him

Ever really thought that I would make it

Never really took another second

To reply to all the letters

Sent all the people asking me

To be president 180 Degree turn

You never learned your lesson

Your mistakes that

Cause and effect the brainiack

Acting like you're a punk 180 Degree turn

You never learned your lesson

Your mistakes that

Cause and effect the brainiack

Acting like you're a pun

Stabbed your back

It's time for me

To live the dream

And to release my anger

It's time for me

To live the dream

And to release my anger
