

# Look It Here

## Nathaniel Rateliff & The Night Sweats

Look it here baby I'm coming out  
On my knees begging please  
Look it here baby I'm calling out  
Crying now here me here me pleadLook it here baby I'm lucky now  
When I weep let me be  
Look it her baby it's all I got  
One more time here me outI got a love so hard I can't stand it  
And with a heart so weak and abandoned  
You'll have to bury this man  
And if that's what it takes for a love that must be provedLook it here baby I'm coming out  
On my knees begin please ya...  
Look it here baby there's no one else  
Come on now here me out  
Look it here baby I'm coming out
