

# Enemy

## Days of the New

Yeah

Yeah

Yeah Listen down, you little man

I'm not the one who's tryin' to change you

And if you come to understand it'll be okay, yeah

You need to change it, you need to change it now I'm not the one who's tryin' to be

I'm not the one who's tryin' to be your enemy

There's somethin' you need to change

I'm not the one who's tryin' to be your enemy

There's somethin' you need to change Listen down, you little man

I'm not the one who's tryin' to change you, yeah

And if you come to understand it'll be okay, yeah

You need to change it, you need to change it So, listen down, you little man

I'm not the one who's tryin' to change you, yeah

And if you come to understand it'll be okay, yeah

You need to change it, you need to change it now, yeah I'm not the one who's tryin' to be

I'm not the one who's tryin' to be your enemy

There's somethin' you need to change

I'm not the one who's tryin' to be your enemy, yeah

There's somethin' you need to change

I'm not the one who's tryin' to be your enemy

There's somethin' you need to change, yeah I went in killing the sun, I once one, I once one

I went in killing the sun, I once one, I once one

I went in killing the sun, I once one, I once one

I went in killing the sun, once, yeah Yeah

Yeah

Yeah I'm not the one who's tryin' to be your enemy

I'm not the one who's tryin' to be your enemy

Your enemy Your enemy

Your enemy
