

# Heaven Is This Place

## The Grace Thrillers

I dream today  
Of a far away land  
A place where peace  
And love will stand  
Heaven is this place  
Heaven someday  
I'll go to be with the Lord

Sometimes I get homesick  
And so alone and then I long  
For my home sweet home  
Heaven is this place  
Heaven someday  
I'll go to be with my Lord

He promised he'd come back  
To take me away  
At the end of the course  
When I finished my race  
I don't know the hour  
Or the day it will be  
But I know it's gonna be the greatest day for me

I'm hurt  
And so weary  
And oh so worn  
I wait in patience to be called before the Lord  
Heaven is this place  
Heaven someday  
I'll go to be with my Lord

Oh yes  
It will be a bright tomorrow  
that glorious day  
When the king of all kings  
comes to take us away

Heaven is this place  
Heaven someday  
I'll go to be with my Lord

Heaven is this place  
Heaven someday  
I go to be with my Lord

Heaven is this place  
Heaven someday
