Tell Him

HELLO

I know something about love got to want it badIf that man gets into your blood go out and get him.
If you want him to be always by your sideIf you want him to always think of you.You've got to tell him that you're never gonna leave him.
Tell him that you're always gonna love him.
Tell him
tell him
tell him
tell him right now.
I know something about love got to want it bad
. . .
You've got to tell him that you're never gonna leave him
. . .
Ever since the world began it's been that way for man
And women were created to make love our destinyBut why should true love be so complicated.I know something about love got to want it bad
. . .
You've got to tell him that you're never gonna leave him
. . .
