I Will Be Waiting

D-Cru

I wanna love you like I've never loved you tonight, if it's alright
I wanna tell you things I've never said in my life
I'm gonna hold you when the sun refuses to shine
I wanna show you that I'll always be by your side, oohWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waiting?I wanna kiss you like I'll never kiss you again, if it's okay
I can't imagine loving any other this way, oohWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waitingWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waitingSo what you wanna do?
I wanna be with you
I know that you like my style
So why don't you stay a while?
And when you want me to, I'll wait for youWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waitingWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waitingWhen you call my name and you need me there
Girl, you know that I will be waiting for you
When you close your eyes and you see me there
Don't you know that I will be waiting
