The Thanks I Get

Coconut Records

This is the thanks I get
It happened on the weekend yeah
You promised me summer
You're giving me winter
And this is all the thanks that I getAnd this is the thanks I get
Uh, huh, uh, huh
With things that haven't happened yet
You promised me summer
You're giving me winter
And this is all the thanks that I'll getThe thanks that I get
Well, alright now
The thanks that I get
Ohh, oh, ohh
You told me to leave
It was obviously the summertime
That made you change your mindThis is the thanks I get
Some things that just
Make too much sense
The boy in the basement
Face down on the pavementAnd this is all the thanks that I'll get
The thanks that I get
Alright now
The thanks that I get
Ohh, ohh, oohYou told me to leave
It was obviously
The summertime
That made you start to cry
Oh, oh, oh, oh-oh
Oh, oh, oh, oh-ohThis is the thanks I get
Sometimes I wish you hadn't left
You promised me summer
You're giving me winter, yeah
And this is all the thanks that you'll get
