

# The Sleaze

## Wiz Khalifa

This here I'm going insane, mental disease  
Puttin' a bar up to a place, niggas can't reach  
Bout to cop so many chains, lil Mr. T  
Doe boy she give me brain, she needed degree  
She dropped it to the floor, she did it for the cheese  
Told her that I need some more, she did it with sleaze  
Clique full of G's  
And they go ape, don't swing through the trees  
Tried, them triggers will squeeze  
Did it with sleaze  
And your wifey love a nigga with sleeves  
Hit it and leave  
I ain't stressing, when will you niggas believe  
Shit is a breeze  
Give me the keys Just got the newest thang, get it with ease  
Hopped up out the bed, did it with sleaze  
They say I run the game, literally  
I'm walking to the bank, get it with sleaze  
My car is sleazy, my squad is sleazy  
My job is sleazy, its way too easy  
Just got the newest thang, get it with ease  
Hopped up out the bed, did it with sleaze Ain't too much hustling  
Get it go straight to the bank, my nigga I can't get enough of it  
Ashes all over my jeans, if this shit stank I'm puffing it  
Trying to do shit just like Puff did it  
Dirty ass game, ain't no loving it  
That nigga hates, bitches lovin' it  
They say I run the game  
Got fortune, fuck the fame  
My garage is like a showroom, couple ounces in my brain  
Damn she fine, niggas can be  
Buy me all the newest things, ma this dick ain't for free  
Everywhere I go, my weeds in it  
My crew-necks reps jeans with it  
Take no swag, mix sleaze with it  
Take your ho, spend cheese with us  
Everywhere I go, my weeds in it  
My crew-necks reps jeans with it  
Take no swag, mix sleaze with it

Taylor Gang, we beast with it Just got the newest thang, get it with ease

Hopped up out the bed, did it with sleaze

They say I run the game, literally

I'm walking to the bank, get it with sleaze

My car is sleazy, my squad is sleazy

My job is sleazy, its way too easy

Just got the newest thang, get it with ease

Hopped up out the bed, did it with sleaze Taylor Gang

If you real badass, you know what the fuck I'm talking bout

Fuck the rules, we make our own

I'm my own boss

I count my own money

I fire the fuck out of you niggas If I feel like it

And I'm sleazy as hell

Feel me? Just got the newest thang, get it with ease

Hopped up out the bed, did it with sleaze

They say I run the game, literally

I'm walking to the bank, get it with sleaze

My car is sleazy, my squad is sleazy

My job is sleazy, its way too easy

Just got the newest thang, get it with ease

Hopped up out the bed, did it with sleaze
