

California

Phantom Planet

We've been on the run
Driving in the sun
Looking out for #1
California here we come
Right back where we started from Hustlers grab your guns
Your shadow weighs a ton
Driving down the 101
California here we come
Right back where we started from California
Here we come On the stereo
Listen as we go
Nothing's gonna stop me now
California here we come
Right back where we started from Pedal to the floor
Thinkin' of the roar
Gotta get us to the show
California here we come
Right back where we started from California
Here we come
California, California
Here we come California, California
Here we come California, California
Here we come
California, California
Here we come California, California
Here we come
