

"Quiet's Theme"

[Stefanie Joosten](#)

Birds
In the sky
Carry
These words for me
Life Tasted sweet
It let me live
Let me breathe
Love
Hurt so bad But still...
Saved my soul
Flowers
Of a brighter past
They bloomed so free
Beneath the sun
Memories
I want to give them to you
So you can see
What we left there
When all hope bleeds out
What remains is doubt
Should have left it all for you
For tomorrow...
As the time draws near
Will you live in fear?
Could have left it all for you
But we let go
