

Me and Don Henley

Tenille Arts

One car, 1:30 in the morning driving round
Light rain, heartbreak, mascara coming down
Singing along to these old songs
Bringing on new tears
I know it ain't no good for me
But I had to hear

Boy of Summer rolling in
Desparado on the wind
This hurts better than anything else I've tried
Me and Don Henley
Missing you tonight

Headlights bounce off memories like broken glass
Torn up two lanes like a highway to the past
The heart of the matter is it don't matter
Cause you're forever gone
If this is the end of innocence
Then bring it on

Boy of Summer rolling in
Desparado on the wind
This hurts better than anything else I've tried
Me and Don Henley
Missing you tonight

These melodies whisper a prayer
Heal me and take me somewhere

Boy of Summer rolling in
Desparado on the wind
This hurts better than anything else I've tried
Me and Don Henley
Missing you tonight
Missing you tonight
Missing you tonight
