

Brave New World

Weezer

I've been scared to make a move
So much left for me to prove
I guess it's time to show what I've got
Things will never be the same
I may snuff the burning flame
Or I may prove to be much more than I thought
This is the dawning of a brave new world
I don't know where we're goin'
But I know we'll figure it out, yeah
This is the dawning of a brave new world
No more hesitating
It's too late to turn back now, yeah
You can come along with me
Or if that's not your destiny
You can choose to go your way if you want
I will send my best to you
There are things I have to do
I can wait no more I've got to move on
This is the dawning of a brave new world
I don't know where i'm goin'
But I know i'll figure it out, yeah
This is the dawning of a brave new world
No more hesitating
It's too late to turn back now, yeah
It does not take action,
To see a chain reaction
Everyone, blossoming in the sun
We'd hate to leave the shelter
But there's so much waiting out there
If only we'd open our eyes and see
Woah... woah... woah... woah...
This is the dawning of a brave new world
I don't know where i'm goin'
But I know i'll figure it out, yeah
This is the dawning of a brave new world
No more hesitating
It's too late to turn back now, yeah
