# Johnny Got a Boom Boom

## Imelda May

He got me with a hook
Those big bass notes
Thunder in my chest
Stuck in my throat
Pulling me down
Like a rumble in the ground
Crawls up from the depths
With a deep down soundJohnny got a boom boom
Johnny got a bam
He got aBig bomb body
Lonely neck
Swear it was a woman
That he had in his grip
Big vibrations, yeah
Just one glance
He'd gonna blow my mind
He's gonna make me wanna
Make me wanna, ohWatch that man
See what's in his hands
Got no joy
He's a big bad boyHe's gonna freak you out
You're gonna shriek out loud
He's got you in his hands
He's gonna make you wanna
Make you wanna, oh
