

# Life

## Doyle Bramhall II & Smokestack

Life, life, isn't for everyone  
Life, life is for everyoneThen and now wait for your trouble  
To take on sufferin', make it your pain, your pain  
But you know, you'll always give, get nothin' backLife, life, isn't for everyone  
Life, life is for everyone, listen nowKeep me down under your thumb, thumb  
You're always out there makin' your thing, your thing  
But you need to remember, baby  
You'll always give, get nothin' backCloser you get to the edge and you're floatin' away  
Closer you get, your last breath in the air  
And you're gone awayLife, life, isn't for everyone  
Life, life is for everyone  
Life, life down isn't for everyone  
Life, life down isn't for every, everyone
