

Houston Is Hot Tonight

Iggy Pop

Bright lights, Houston is hot tonight
Arabian shieks and money, up in the sky
Now I dont mind, a bloodbath When Ive got oil, on my breath
[Unverified] eye to eye
Houston is hot tonight My brain is tired of the wind
Chicago winters, just do me in
Theyve got a moon man, on the telephone Project X, hey, Houston control
[Unverified] eye to eye, Houston
Its like, whats happening? Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
