Song Within a Song

Camel

(Latimer/Bardens)
The sun has left the sky
Now you can close your eyes
Leave ALL the world behind until tomorrow
The dream is like a song
It leads you on and on
The piper plays his tune so you must followSo far beyond the sky
Not knowing how or why
You realize this feeling is forever
And though another day
May steal your dreams away
You and the song will always stay togetherAndrew Latimer: Guitar, Flute, Backing Vocals
Peter Bardens: Electric Piano, String Synthesizer, Moog
Doug Ferguson: Bass, Lead Vocals
Andy Ward: Drums
