

Go-go Gadget Gospel

Gnarls Barkley

Pump up the peculiar while I yell unique
If you're wondering what you look like look at me
Let me show you right here
Yeah, yeah, yeah, yeah, yeah, yeah
I'm well on my way
I'm almost everything
And this is my day
You make me want to say
I'm free, look at me
Behold everything I'm allowed to see
Free, come and see
Look at me
The shapeless, formless, heart is enormous
Bore this, I've worn this, no never what the norm is
Come hear this, it's fearless, contrast, color
Prisms, so warmin', listen and love it
I'm free, look at me
Freedom in hi-fidelity
Free, come and see
Look at me
What you waitin' on?
I won't ask your passion, smilin', laughin'
Yieldin', feelin', helpin', healin'
Introduce your neighbor to your savior
I'm free, look at me
Freedom in hi-fidelity
Free
