2AM

Astrid

Cold, running through my body
Nothing ever felt so right
I could get lost
Youâ€™re all that I want
I need you here by my side

Youâ€™re running through my body
I feel it inside my bones
Donâ€™t know whatâ€™s happening
You got me tripping
I donâ€™t wanna be

Alone tonight
Youâ€™re out of sight
O-oh
So where you at?
Where you at?

World slows down
Iâ€™ve lost my ground
O-oh
Where you at?
Where you at?

Two in the morning
I canâ€™t control it
Lost in the moment
I just canâ€™t get no sleep

Eh

Two in the morning
Everything's frozen
I keep on falling
And I just canâ€™t get no sleep

Cold, the skyâ€™s getting cloudy
â€˜nd my eyes start raining
Making a river
As it grows bigger

Itâ€™s pulling me way down stream

Now the water is rising
My headâ€™s going under
Drowning my thoughts
Turning â€˜em of
And I just wonder

Where you at
Please take me back
O-oh
Itâ€™s killing me (killing me)
Itâ€™s killing me (killing me)

World slows down
Iâ€™ve lost my ground
O-oh
Itâ€™s killing me
K-k-k-killing me

Two in the morning
I canâ€™t control it
Lost in the moment
I just canâ€™t get no sleep

Eh

Two in the morning
Everything's frozen
I keep on falling
And I just canâ€™t get no sleep

Insomnia, Insomnia
Insomnia, Insomnia
I canâ€™t get no sleep
Insomnia, Insomnia
Insomnia, Insomnia
I canâ€™t get no sleep

Two in the morning
I canâ€™t control it
Lost in the moment
I just canâ€™t get no sleep

Two in the morning
Everything's frozen

I keep on falling
And I just canâ€™t get no sleep

Two in the morning
I canâ€™t control it
Lost in the moment
I just canâ€™t get no sleep

Eh

Two in the morning
Everything's frozen
I keep on falling
And I just canâ€™t get no sleep
