

Never

Babes In Toyland

Blind your mind
So tears will melt
Numb the place
Where pain is Well never
No never
Well never
Take a bow Before you fall
See you crawl
Never
No never
Well never Gutter saint
Save my life
Too much time
Yeah this is mine Well I never
No never
Well I never
Take a bow Before you fall
See you crawl
I see you crawl
See you crawl
Well I never
No never
Well I never
