Goldrush

Ebrahim

Quote
A goldrush is that place inside us all
That keeps us striving for our dreams
Even when we've reached this pivotal point
It's merely the beginning of a new day
THAT WILL BRING US TO WEALTH UNPARALLED

Chorus
Everybody goldrush
If you really wanna get to know
The real meaning
This is the beginning of a beautiful day
Thatâ€™s gonna show you

Verse
Lifeâ€™s been on my side
Although I got a few complaints about
The way the worldâ€™s being run
What would it be like
If I had a bone to pick with everyone
Doesnâ€™t seem itâ€™s worth time
Iâ€™m loving each and every breath
Until the day the day Iâ€™m done
Donâ€™t wanna waste another day
Wondering what itâ€™d be like any other way

Chorus
Everybody goldrush
If you really wanna get to know
The real meaning
This is the beginning of a beautiful day
Thatâ€™s gonna show you

Breakdown
To all your dreams that happen
To all your dreams yeah yeah
Donâ€™t ever forget the fact
That youâ€™re never gonna get it back
So make the best of it while you can
Cuz you never know
