

# Siren

## Kat Krazy

Beneath the stars  
Face to face  
I'll told ya I love ya  
Won't let your heart break

I'll run to the moon and walk on the sea  
I'll start a new world for you and me

And I'll save ya when the sky falls  
Can you hear the siren call?  
So together we can break down the walls  
Can you hear the siren call?  
Now I'm everywhere you know  
That I'll never let you go  
Cos I'll save ya when the sky falls  
Can you hear the siren call?

Can you hear the siren call?

Now watch me find  
A thousand ways  
To tell ya I love ya  
And we'll be ok

I'll run to the moon and walk on the sea  
I'll start a new world for you and me

And I'll save ya when the sky falls  
Can you hear the siren call?  
So together we can break down the walls  
Can you hear the siren call?  
Now I'm everywhere you know  
That I'll never let you go  
Cos I'll save ya when the sky falls  
Can you hear the siren call?

Can you hear the siren call?

Hold on  
We're so strong

Now we fight as one  
Forever together  
A new day  
And we'll stay  
Like a rising sun  
Forever together  
Hold on  
We're so strong  
Now we fight as one  
Forever together  
And I'll save ya when the sky falls  
Can you hear the siren call?

Can you hear the siren call?

And I'll save ya when the sky falls  
Can you hear the siren call?

And I'll save ya when the sky falls  
Can you hear the siren call?
