

Sexercize

Kylie Minogue

Flexin', we're uptight
Keep on moving too nice
Move it for me tonight
Let me see you sexercize
It's not just your body
Gotta keep it up with me
My mind is seven sea
Let me see you sexercize
I wanna see you beat all your best times
And if you're lucky I'mma teach you
Let's just turn you blind

Let me see you sexercize
Come on, baby (bounce, bounce)
Sexercize
Feel the burn
Sexercize
Let me see you take it down, take it down
Let me see you take it up
Let me see you bounce, bounce, bounce, bounce

Let me see you sexercize
Come on, baby (bounce, bounce)
Sexercize
Feel the burn
Sexercize
Let me see you take it down, take it down
Let me see you take it up
Let me see you bounce, bounce, bounce, bounce
Let me see you...

Strech it up baby
You take your time though
I'm burning, push in me
Let me see you sexercize
I'll make you wait for more
Make you beat to the core
Tomorrow you'll be sore

Let me see you sexercise

I wanna see you beat all your best times
And if you're lucky I'mma teach you
Let's just turn you blind

Let me see you sexercise
Come on, baby (bounce, bounce)
Sexercise
Feel the burn
Sexercise
Let me see you take it down, take it down
Let me see you take it up
Let me see you bounce bounce, bounce, bounce

Let me see you sexercise
Come on, baby (bounce, bounce)
Sexercise
Feel the burn
Sexercise
Let me see you take it down, take it down
Let me see you take it up
Let me see you bounce bounce, bounce, bounce
Let me see you...

Get it, get it, Sexercise
Put your hands in the sky if you feel alright
Get it, get it, Sexercise
Don't move it, don't quit
If you wanna sit tight
Get it, get it, Sexercise
Sexercise, Sexercise
Get it, get it, Sexercise
Sexercise, Sexercise

Let me see you sexercise
Come on, baby (bounce, bounce)
Sexercise
Feel the burn
Sexercise
Let me see you take it down, take it down
Let me see you take it up
Let me see you bounce bounce, bounce, bounce
