

# You Deserve It

## Future

Ay, man, I'm pullin' out the mo'fuckin Rich the other day  
Man I pull up on my Potnah Beano  
You know what I'm sayin'? Real boss nigga  
He like Future, "You deserve that shit nigga" You deserve it  
You deserve it  
You deserve it, Future  
You deserve it You deserve it  
You deserve it  
You deserve it, Future  
You deserve it I done paid so many dues  
I never lose my cool  
Just the other day, my lil' cousin call me from school and said You deserve it  
You deserve it  
You deserve it, Future  
You deserve it (Turn it up) Ain't asked for this,  
I worked for this, I was in the dungeon, that place's a sin  
Catch the jiggers, not paying attention  
No harm, nigga, my slang tremendous  
I'm better than you and I know it  
I will show it  
You ain't flowin' how I'm flowin'  
That's why I'm goin'  
Places you ain't goin'  
And I keep goin' and goin'  
Until I'm growin'  
To a ?, I come ?  
I picked that up from Rico  
My cousin had my back from day one, mano y mano  
I believe in keepin' it one thousand and stayin' humble  
New route I chose to take through the jungle  
Keep the same mentality when I was standin' on the corner  
Hit the studio and split that crack and have you on it ( My folks done told me) You deserve it  
You deserve it  
You deserve it, Future  
You deserve it You deserve it  
You deserve it  
You deserve it, Future  
You deserve it I done paid so many dues  
I never lose my cool

Just the other day, my lil' cousin call me from school and said You deserve it  
You deserve it  
You deserve it, Future  
You deserve it (Turn it up) I go so fuckin' hard, till my heart skip a beat  
I always been expensive, ain't nothin' about me cheap  
I'm the realest nigga you have seen  
Since Michael Jackson, Billie Jean  
All this pain, I can't even rap  
Sometimes I feel I wanna sing  
My passion (My passion)  
It goes without me sayin'  
The fruits of my labor, I laid down a solid foundation  
You water a seed too long and it will grow  
You stay down and grind for long and it's gon show  
It brings water to my eyes just to hear me on the radio  
You wouldn't understand the route I had to take to get here so  
I worked for this (I worked for this)  
It didn't come easy (It didn't come easy)  
Most people hit me up and say these rappers cheezy, 'cause You deserve it  
You deserve it  
You deserve it, Future  
You deserve it You deserve it  
You deserve it  
You deserve it, Future  
You deserve it I done paid so many dues  
I never lose my cool  
Just the other day, my lil' cousin call me from school and said You deserve it  
You deserve it  
You deserve it, Future  
You deserve it (Turn it up)
