The Night

Yves Larock

She's undercover in the morning
She's a real soul sister at night
Gonna make me reel without warning
Gonna make me feel alright
She's a lion tamer's nightmare
Oh! schoolboys delight!
Send legal men and money
Gonna make me feel oh!
Cos the nigh is just a day away
I'm gonna see you everyday
Any way-o

She's deceptively promisevous
Oh morning, noon and night
On a mission from a mercenary
Gonna make me feel oh!
She's a real pygmalion
Headline we all read about
Figure of my imagination
Gonna make me feel oh!
