

Something So Right

Barbra Streisand

You've got the cool water when the fever runs high
You've got the look of love light in your eyes
And I was in crazy motion till you calm me down
It took a little time but you calm me down When something goes wrong I'm the first to admit it
I'm the first to admit it and the last one to know
Something goes right oh it's likely to lose me
It's up to confuse me such an unusual sight
Oh, I can't, I can't get used to something so right, something so right They've got a wall in China it's a thousand
miles long
To keep off the foreigners they made it strong
And I've got a wall around me that you can't see
It took a little time to get next to me When something goes wrong I'm the first to admit it
The first to admit it and the last one to know
Something goes right, oh it's likely to lose me
It's up to confuse me such an unusual sight, oh, I swear
I can't, I can't get used to something so right, something so right Some people never say the words, "I love you"
It's not best time to be so cold
Some people never say the words, "I love you"
But like a child they're longing to be told When something goes wrong I am the first to admit it
I'm the first to admit it and the last one to know
Something goes right it's likely to lose me
It's up to confuse me such an unusual sight
I swear, I swear I can't, I can't get used to
Something so right, something so right Something so right
