Winter's Rain

Rhapsody of Fire

Be strong, this night will never end
be brave, and words are fading outIn silence we stand
in cold winter's rain
where sea and sky collide
we're chasing the burning flamesSo strong, this world will turn to grey
so brave, with raging storms and bladesAll demons around
we are feeling the rage
where sea and sky collide
the wild cold sad winter's dreamBurn in midnight skies
my love never dies
ashes of desire
from dark angels pride
Lux
resPluvia purgat animasLux
nox
lux
resIbi nullus timet mortem
ibi nullus timet vitam
pluvia est vitam
pluvia est animamIbi nullus timet mortem
ibi nullus timet vitam
pluvia est vitam
pluvia est animam
In silence we stand
in cold winter's rain
where sea and sky collide
we're chasing the bright distant flamesBurn in midnight skies
my love never dies
ashes of desire
from dark angels prideBurn in midnight skies
my love never dies
ashes of desire
from dark angels pride, desireIn tenebris sunt animae
lux, res, nox
dominus
res, anime
animus purus animus
anime, animus, anime
