

Bucktown

Smif-N-Wesson

I walk around town with my pound strapped down to my side
No frontin', just in case I gotta smoke some
Around here headz don't act their age
Ya might be another dead boy on the front pageEnter the cipher withcha lighter
El's are ready prepare to run another all nighter
But keep watch for the cops 'cuz they rock glocks
Comin' on the block tryin' to rock knotsPigs be actin' like they bigga than us niggaz from da streets
'Cuz we stalk mad deep when they walk beats
I guess they hold a grudge 'cuz I won't budge
Playin' tough, starin' down da judge with my hands cuffedStanding there with my nappy hair and my dirty gear,
aw yeah
Now, I'm up outta here
Pigs look me up and down with a frown
Is it 'cuz I'm brown or is it I'm from Bucktown?Bucktown, home of Da Originoo Gunn Clapperz

Kill your body, boy, and take your lover for hostageKnock, knock, maybe not the four shots empty
On the violator that was sent out to get me
I'm tore up from the floor up and every thing's black
But still I'm on point ready to buck, ain't nothin' sweet JackBucktown, I represent it on the love, love
Deeply rooted from my Tims to by dick above
Don't sweat the bulge comin' from my hip
Grip what ya did hit when I let my tool clickNowhere to run, ambush lurks in the dark
Heltah Skeltah smirks while you're gettin' torn apart
Here come the Rude Boys with the ganja plants

It's clear to me, you feel the weed, now I really see
Night falls around the way, Originoo heads come out to play
Puff herb, break day, it's just a regular, everyday state of being I
