Danzig

Can't speak, can't talk
Can't do anything they want
Can't hide or change your mind
Gonna live with all my soul inside Can't speak, can't talk
Can't stop for the reeling caused
Our love, I told 'em all about it
Can't talk 'cause I'm already lost Can't think, can't cry
Keep thinking of a suicide
It's hard, I just can't forget it
Gonna fade 'cause I'm already dead Can't think, can't dream
I don't care if I live or die
I don't talk, I just can't believe it
Gonna fade 'cause I'm already dead Can't think, I can't dream
I don't believe anything I see
I really don't wanna get it
Gotta leave or I'll live to regret it I can't speak, I can't lie
Can't go anywhere to hide 'cause
I can't think, I can't cry
I keep thinking of a suicide, oh I can't speak, I can't talk
Can't do anything I want
I can't hide or change your mind
Gonna live with all my soul inside 'cause Can't speak, can't talk
Can't do anything I want
I can't hide or change your mind
Gonna live with all my soul inside 'cause
