

Break up in a Small Town

Austin

And this the hardest thing I ever had to go through
I see you out and have to act like I don't know you
Knew it'd be hard but didn't know that it'd be this tough
Knew I'd be drinking but didn't know that it'd be this much
I can't believe you're not in my arms
And I know its my fault but this girl you are is not you

I told you leave it in the past and I really meant that but I cant believe I lost you
To somebody I know, I guess that's just how it goes
When you break up in a small town
I see your friends, and they put on a show like they don't want me to know
And they give me the go 'round
But its like they don't know about us nah
They don't know what we been through
Are you getting down with my friend well then he was never my friend boo
Its eff him and its eff you
Im doing fine by myself tho
Since day 1 that's all I had and I don't need no one else no no

Uh, to me it looks like you've been doing fine
I'm checking up on you everytime that I go online
I'm looking at old pics and new pics like who's this?
I don't remember her, I don't remember him
And you deleted everyone that I was in
But I expected that
Grudges you were the best at that
Fighting, we needed less of that
All the fighting, yeah tell me you don't remember that no

I told you leave it in the past
And I really meant that
But I cant believe I lost you
To somebody I know, I guess that's just how it goes
When you break up in a small town
I see your friends, and they put on a show like they don't want me to know
And they give me the go 'round
But its like they don't know about us nah
They don't know what we been through
Are you getting down with my friend

Well then he was never my friend boo
Its eff him and its eff you
I'm doing fine by myself tho
Since day 1 that's all I had and I don't need no one else no no
