Skeletons

Chrishan

Baby, I know I can be better but sometimes I get lost
Its a all or nothing situation and i gotta whole lot to get off
but if we got time, tell me could ya handle it
youre telling me its fine but i wouldnt look at you and know this.I got these skeletons, skeletons, and its too hard for me to discuss them
talkin bout skeletons, skeletons, and i dont wanna watch you leave (no, oooo)I gotta problem and i cant solve em (no)
I cant solve em for the life of me (no)
I got these skeletons (oh), skeletons,
i got these skeletons, skeletons, (i got these)
I gotta problem, and i cant solve em (no)
i cant solve em for the life of me (no)
i got these skeletons (oh), skeletons,
i got these skeletons, skeletonsbaby some past i just run away but i just get ahead of myself
and youre always right here to help me catch my breathbut im runnin with skeletons, skeletons and its too hard for me to discuss them
talkin bout skeletons, skeletons, and i dont wanna watch you leave (no, oooh)I gotta problem and i cant solve em (no, they keep following me, yeah)
i got these skeletons (oh), skeletons, oh
i got these skeletons, skeletons (i got these)
I gotta problem and i cant solve em (no)
i cant solve em for the life of me
I got these skeletons (oh), skeletons
i got these skeletons, skeletonsI gotta problem and I cant solve em (no, i cant, no)
i got these skeletons (oh), skeletons (yeah)
i got these skeletons, skeletons (i got these)
i gotta problem and i cant solve em (no)
i cant solve em for the life of me (no)
i got these skeletons (oh), skeletons
i got these skeletons skeletons
(i got these)
