

# Fallin'

J. Holiday

I'm half gone 'cause my lady ain't here, no  
I've been smokin' and drinkin'  
Just sittin' here in my chair, yeah  
My tears are steady fallin', I can't make 'em stop  
I keep fallin' deeper, baby  
I ain't been the same since you left with my heart  
No, no

One minute it was good, the next it was bad  
I wonder what happened to what we had  
Girl, you just left me without a sign  
I need you back before I lose my mind

Girl, I'm fallin'  
And I can't get up, baby  
I'm fallin'  
And I can't get up, baby  
I'm fallin'

And I can't get up, baby  
I'm fallin' deeper, deeper  
Deeper, deeper

I got everything but I don't have you  
And I can't help but think  
About the things we used to do  
Don't wanna hang in the streets  
'Cause I don't wanna find no one new  
Girl, you got your hooks in me  
Got me stuck like glue

One minute it was good, the next it was bad  
I wonder what happened to what we had  
Girl, you just left me without a sign  
I need you back before I lose my mind

Girl, I'm fallin'  
And I can't get up, baby  
I'm fallin'  
And I can't get up, baby  
I'm fallin'

And I can't get up, baby  
I'm fallin' deeper, deeper  
Deeper, deeper

Can you come catch me  
Because I think that I reached the end of my road?  
And girl, I just refuse to believe  
That we've reached the end of the road  
Oh, I'm fallin'  
And I can't get up, baby  
I'm fallin', baby  
And I can't get up, baby  
I'm fallin'  
And I can't get up, baby  
I'm fallin' deeper, deeper  
Deeper, deeper, baby  
Said, I need you, baby  
I can't live without you, girl
