Raw Meat

Black Lips

Raw oysters, Texas Pete, sea urchin on the reef
Sour cheeseburger bit to eat
Lick butter goes with keef into the cocoa leaf
Fresh maggots on my teeth, they're cheap
Oh baby
Oh baby
Sweet bread's my favorite treat

Fresh lactaid from my teeth
And surely it's right and meat and cheap
Fresh onions on my leaf
Horse radish with horse meat
Sea urchin, ocean skeet to you
Oh baby
Oh baby
