

# I Know (Swedish Revolution Dubstep remix)

[Lecrae](#)

I know, I know, I know, I know, I know, I know  
Boy, I lost and I'm foolish  
Runnin' off with at the two lips  
Prolly wootin' all the cruelest persecute us to fool us  
Catch me hangin' with shooters  
Rumored to shrew yo' medulla  
My momma told me they would screw us but I already knew it  
Who go'n give 'em peace of mind  
They can have piece of mine  
No they thinkin' I'm blind  
But I just pay them no mind  
Yeah I know they be lyin  
They misquotin my lines  
They like "What you think you doin puttin' hope in yo' rhymes?"  
You would think I'm shootin' folk or puttin' coke in my rhymes  
I just give 'em bass for free and push the dopest of lines  
Boy you trippin', I know  
Cr-Cr-Crae you slippin', I know  
I done heard this all before just sit back enjoy the show  
Yeah, I know they go'n hate us  
Type they blog up, debate us  
They be fishin' for attention but don't know how to bait us  
Keep that hate on Hiatus  
Big ups to my Creator  
No big bang just a banger  
So tell that DJ to bang it! Yeah!  
I know, I know, I know, I know, I know, I know, I know, I know  
I know what they sayin', but I promise that I'm cool though  
I know what they sayin', but I promise that I'm cool though  
I know what they sayin'  
I ain't trippin' on it mayne  
I just came to do my thing  
Somethin' different for a change  
Listen I-K N-O  
They tryin' to find out my M.O.  
I tell 'em God sent me they prolly ain't get the memo, I know  
I can say that 'cause Jesus walks  
They don't play that, I know  
Shouldn't be up here 'cause people rollin' they trees here, I know  
You can't help 'em  
No strippers and killers welcome, I know  
You can't hear it

No ignorance in my lyrics  
Boy they swear I went loco  
116 still my logo  
Catch us rollin' in that Volvo  
Go'n snap you a photo  
Maybe Andy or PRo though  
Might see Trip in De Soto  
Maybe KB, maybe T-Dot  
Yeah I know you don't know though  
Yeah I know they don't like me  
'Cause I be on my Spike Lee  
Even when I do the right thing, they still wanna fight me  
IRS want they taxes  
Police stop us in traffic  
Plus my girl be on my back  
She say my life is too hectic  
'Crae they watchin', I know  
Aye they talkin', I know  
I done seen this all before  
Man, it's just part of the show  
Let's go!
