Nobody Has To Know

Nylo

Who's to blame
A girl like you with a guy like that?
Oh, it's a shame
Love your frame, Mediterranean skin
With the brightness blue eyes
Oh, it's insane
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve
Oh, oh, nobody has to know
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve
Oh, oh, nobody has to know
Later that night
I see you with your friends, she ditched that guy
Now the time is right
I said, "I'm Mike and Honor Society's here
We'll rock this party all night"
Ooh, she said, "Alright"
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve
Oh, oh, nobody has to know
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve
Oh, oh, nobody has to know
The night is still so young and we're still having fun
Let's stay until the sun starts rising, yeah
So forget all your cares, we can take it anywhere
And don't forget the after party
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve
Oh, oh, nobody has to know
You're going crazy 'cause you can't find what you need
Come on baby, let me get you, get you up the speed
Time to party like it's midnight New Year's Eve

Oh, oh, nobody has to know
Nobody has to know
Nobody but you and me
Nobody has to know
