

We Won't Back Down

Hammerfall

Silence, we have sworn
The oath, protect the earth, the sun and moon
My precious friends
United we stand 'till the endThe vision, future's demand
Has been written in the palm of our hands
When we charge the storm clouds amass
Cuz the ace of swords will lead on this glorious dayHold your heads high
Reach for the sky
Never surrender
We Won't Back Down
The power within
Our remedy for sin
The true life defenders
We Won't Back DownBattles, we have won
We bled, but never once we've fallen down
Form dusk 'till dawn
Standing with our mighty sowsrds drawnThe future lie straight ahead
Our dreams within reach, not mislead
We are here, true warriors on the line
Forever we'll be the sun in the tarot deck of cardsHold your heads high
Reach for the sky
Never surrender
We Won't Back Down
The power within
Our remedy for sin
The true life defenders
We Won't Back DownCuz the ace of swords will lead on this glorious dayHold your heads high
Reach for the sky
Never surrender
We Won't Back Down
The power within
Our remedy for sin
The true life defenders
We Won't Back Down
We Won't Back Down
We Won't Back DownWe won't back down, we are partners in crime
We are true life defenders on earth
