

Flash In The Night

Secret Service

As a break of dawn came closer
All my hopes seemed so forlorn.
The misty signs of laughter
And the light eluded all.
And my despair was caught in motion
A face just barely true -
Shadows in blue. A flash in the night . . .
A flash in the night . . .
A flash in the night . . .
A flash in the night . . . In the changing of the season
Releasing one lost name.
The scar once healed forever
Dissolving in the rain
A twig snapped in the clearing
A glimpse of golden skin
My face within A flash in the night . . .
A flash in the night . . . And my despair was caught in motion
A face just barely true - A flash in the night . . .
A flash in the night
