Set It Off

Vanessa Hudgens

Your strategies, no mystery
I know you're schemin' on me
Yeah boy, you're schemin' on me
I know your plot on what I got
Your red dot is on me
You're like a swat team on me
Now this mami don't come that easy
My security's tighter than Fort Knox
Got chains all over like Houdini
And there's no key you've got to pick the lock
Cut into my wire
Trigger all my sirens
I'm on red alert
You set it off
Come on and disarm me
Trigger my alarm is goin'
You set it off
Set it off
Beyond a doubt you staked me out
You've got the blueprints on me
You're plannin' a B 'n' E
I play to win, I'm zeroed in
I got you locked in my sight
Infrared vision at night
Top level clearance is required
If your desire is to get with me
The game is on the stakes are higher
You conspire, I'm a treasury
Cut into my wire
Trigger all my sirens
I'm on red alert
You set it off
Come on and disarm me
Trigger my alarm is goin'
You set it off
Set it off
Set it off
Uh, oh, oh, uh, oh, oh
Just like everyday

We stay together
Don't look back today
Uh, oh, oh
Well, come on let's run away
Cut into my wire
Trigger all my sirens
I'm on red alert
You set it off
Come on and disarm me
Trigger my alarm is goin'
You set it off
Cut into my wire
Trigger all my sirens
I'm on red alert
You set it off
Come on and disarm me
Trigger my alarm is goin'
You set it off
Set it off
Set it off
