

Shamemaker

Ween

When I feel ashamed I get so scared
It makes me wanna hurt you, Shamemaker
My body aches and I feel alone
I'm in a very defensive place, Shamemaker Oh, feel the feeling
Oh, process feelings
Feel it in the belly
Like a yellow worm with teeth Oh, bring it down
Don't think too much
Feel the feeling
Let it have its way 'til it says goodbye, go I need to breathe, just need to breathe
Don't walk away, Shamemaker
Touch me, you need to touch me
But I'm afraid, Shamemaker Oh, feel the feeling
Oh, process feelings
Feel it in the belly
Like a yellow worm with teeth Oh, bring it down
Don't think too much
Feel the feeling
Let it have its way 'til it says goodbye
Let it have its way 'til it says goodbye
Let it go, Shamemaker
