Sweet Jamaica

Tarrus Riley (Zion Gate Riddim)

Other people come and go
They try to make it through
I have to smile and tell them no
'Cause I only care for you, I only care for you
Yes, you are my sweet, sweet Jamaica
Country mama, brown country girl
When you touch me I, I feel so tall
If you let me down boy, I'd be so small
Yes, you are my sweet Jamaica
Country mama, brown country girl
Everybody needs a friend
To brighten up their world
I know you'll never let me down
'Cause you're not that kind of girl, no no no
I want to see you round every turn
You're my world, far as I'm concerned
Got no time to run about
Just want to spend my life out with you, only you
Yes, you are my sweet, sweet Jamaica
Country mama, brown country girl
Oh, yes, you are, sweet Jamaica
Oh brown country girl, ooh
