Beneath the Surface

Spoken

(Verse)
Death rise
Somewhere you gave up control
Lie back
So long you've been alone
Death rise
Somewhere you gave up control
Lie back
You'll be the one to let goAnd now you're lost again
The war on where your life began
And now you're lost again
The war on where your life beganBeneath the surface
You'll sir and cry the controlling(Chorus)
So now you're falling
Slipping beneath away
Into the depths of your heart
And now you're reaching
Falling into the dark
Into the depths of your heart(Bridge)
I am alive
I am alive again
I'm so alive
I'm dying to live again
I am alive
I am alive again
I'm still alive
I'm dying, dying to live again(Chorus)
So now you're falling
Slipping beneath away
Into the depths of your heart
And now you're reaching
Falling into the dark
Into the depths of your heart(Outro)
I am alive
I am alive again
I'm still alive
I'm dying, dying to live again
I am alive
