

Flashy Man

Electric Six

[Woman: I say there's nothing wrong with liking a flashy man] Flashy man!
[Flashy...flashy...flashy...flashy] Flashy man!
[Flashy...flashy...flashy...flashy] Leaving all his troubles in a trashcan
[Flashy...flashy] Running all his money through Tajikistan
[Flashy...flashy...flashy...flashy] [Flashy...flashy...flashy...flashy] He won't apologise
'Cos he's not sorry
You're the station wagon
To his Ferrari
Ain't nothing wrong with a flashy man
Son of Sam
Flashy man!

Every night he has another number one fan
He won't apologise
'Cos he's not sorry
He's the X-Box
To your Atari
Look out here comes the flash!
[Oh yeah!] Flash!

[Woman: He's in a predator mode] Flashy man!
[Flashy...flashy...flashy...flashy] Flashy man!
[Flashy...flashy...flashy...flashy] Locking his emotions in a tin can
He's hitting all your walls and working the middle
Stay (?) up or play like a fiddle
Look out here comes a flash!
[Flashy...flashy...flashy...flashy]
