

# Let Me Go

## Flaw

I woke up today and couldn't find the strength to say a single word to you  
Still find it so hard to loosen the noose  
as the mental disturbance it leads to abuse.

Wake me up when your bitching is done cause I can't seem to gather the courage to run.  
Leave me

You make it so hard to be me

We can't become the people that we both should be  
Feed me

Another lie that you need me

I'm stuck inside the hell that your life has made me  
Let me go

There's so much that you still don't know about me

Let me go

And leave me here I'm perfect all alone.  
These scars on my face

They constantly remind me that I'm fractured

And I hate you too!

Still find it so hard to loosen the noose as the mental disturbance it leads to abuse.

Wake me up when your bitching is done cause I can't seem to gather the courage to run.  
Leave me

You make it so hard to be me

We can't become the people that we both should be  
Feed me

Another lie that you need me

I'm stuck inside the hell that your life has made me  
Let me go

There's so much that you still don't know about me

Let me go

And leave me here I'm perfect all alone.  
We try to cope with the ups and downs

But we still don't feel right

It's just so hard to keep you around

When all we do is fight.

We try to cope with the ups and downs

But we still don't feel right

It's just so hard to keep you around

When all we do is fight.  
Let me go

There's so much that you still don't know about me

Let me go

And leave me here I'm perfect all alone.

Let me go

Let me go

Let me go

And leave me here I'm perfect all alone
