

# I Turned You Down

## Riverside

I turned you down so hastily  
And it's tearing me apart  
In my heart of hearts I'm screaming  
In my heart of hearts I cry  
And it's cold  
So cold I turned you down  
Oh, I turned you down so thoughtlessly  
And it's tearing me apart  
In my heart of hearts I'm screaming  
In my heart of hearts I cry  
How I wish you told me that I wish you'd told me that before  
I wish you'd told me that before  
I wish you'd told me that before I turned you down
